## *Travel with a Purpose*

Make your next group outing one that really counts. Make it exciting, challenging and above all, memorable. River Expeditions loves hosting groups and sharing our passion and knowledge of the outdoors - it's what we do best. Let us host your trip in the beautiful, historic New River Gorge National Park in West Virginia.

Share fun, fellowship and the adventure of rafting with your group. Outdoor experiences, including whitewater rafting, have powerful physical, emotional, intellectual and spiritual influences on young people. These influences can have a lasting impact, long after you return home.
